

Ashwani MUPPASANI

Chief Operating Officer
India & Asia Pacific

Ashwani Muppasani was appointed Chief Operating Officer for India & Asia Pacific and a member of Stellantis' Top Executive Team in November 2023. He was the Chairman of the Board and President of Stellantis (Shanghai) Automotive Co. Ltd. (SSAC) from July 2022, responsible for the overall operations and management of the Jeep®, Alfa Romeo, DS and Mopar brands in China.

Ashwani started his career at General Motors. He worked in production, supplier quality, purchasing & supply chain, sales and marketing in the U.S., China, Latin America, Africa, India, Europe and South Korea. He later joined OHorizons Global Inc., where he served as Executive Vice President in the field of corporate mergers and acquisitions and business recovery for large scale ventures.

From 2014 to 2019, Ashwani worked for Tyco Electronics as the Vice President of Operations and Quality for its automotive division in the Americas market. In November 2019, he joined the former FCA (Fiat Chrysler) Group as Head of Purchasing and Supply Chain Asia Pacific region.

An India-born U.S. citizen, Ashwani holds a bachelor's degree in industrial & production engineering from the Manipal Institute of Technology, India, and a master's degree in industrial engineering from Wichita State University in the United States.
